CENTRAL AND EASTERN EUROPEAN NETWORK OF QUALITY ASSURANCE AGENCIES IN HIGHER EDUCATION

1. Preamble

The Central and Eastern European Network of Quality Assurance Agencies in Higher Education was founded on October 13, 2001 in Cracow, Poland, and was formally established on October 19, 2002 in Vienna. It succeeds the Regional Subnetwork of the International Network of Quality Assurance Agencies in Higher Education, established November 19, 2000 in Budapest, Hungary. 2. The Objectives of the CEE Network

The objectives of the CEE Network are:

- to share experiences and to foster cooperation among member agencies
- to exchange information about background, aims, procedures and outcomes of activities of member agencies
- to recommend experts
- to serve as a clearing house for issues on quality assurance in higher education in the Central and Eastern European countries
- to assist each other in elaborating measures for harmonizing activities in quality assurance, in order to participate in the European dimension of higher education, and to play a proactive role in shaping the European higher education area
- to open common possibilities in launching new projects for the sake of better quality in higher education and build consortia for joint activities, including the applications to funds.
